

Marketing & Sales Analyst, full-time job, entry level position in a start-up

Main responsibilities: content creation (Social Media, website, media releases), develop and implement marketing campaigns for brand awareness and sales, interact with potential clients online and offline

Ideal candidate has outstanding abilities to craft impactful content and is keen to execute marketing campaigns to improve brand awareness and business metrics for a fast growing start-up. We prefer a balanced mix of abilities and attitude rather than experience, plus strong work ethics, proactiveness and structural approach to challenges.

The Care Hub stands for a dignified and meaningful life at any age because we believe that the wisdom and experience that comes with age can and should be shared, with care and respect, with all of us.

We use technology to deliver people-care services in a safe, timely and reliable manner by connecting people of all ages in need of care with recently retired people in need of meaningful activity and an additional income. We aim to increase the quality of life for people in need of help and increase social inclusion of recently retired people.
