

University Clinic for Therapies and Psycho-pedagogic Counselling (UCTPC)

<http://clinica.uvt.ro>

Set up in Jan. 2016, the University Clinic for Therapies and Psycho-pedagogic Counselling is meant to run interdisciplinary research for complex therapies for children, adolescents and adults with special needs. It aims also to foster the cooperation with national and international research centres.

3 research groups

Objectives

To bring together specialists from around the West University of Timișoara and other universities and also to work closely with clinical and voluntary sector services

To develop scientific knowledge in the field in order to enhance quality of education, training and intervention using state-of-the-art technology

To involve students, support and supervise them in applying their knowledge and conceptual understanding to real-world problems in experiential learning situations

To provide expertise and services to the community as part of the strategy for institutional development of West University.
