OVERVIEW OF THE UNIVERSITY STUDIES PROGRAMME

1. Mission of the study programme³

The Human Resources undergraduate programme aims to train experts with professional, analytical, investigative and transversal skills at the highest European standards, in line with the expectations of public and private employers regarding human resources management.

The mission assumed in the configuration of the Human Resources undergraduate degree programme is in line with the UVT mission, specifically to generate knowledge transfer to society through initial continuous training at university level, with the aim of personal development, professional insertion of the individual and meeting the skills needs of the socioeconomic environment.

The objectives of the Human Resources undergraduate programme are:

- -Organize the teaching process by referring to the national and international academic context and by correlating the skills offered with the requirements of the labour market.
- -The full development of students through the training of professional competences, transversal competences and practical skills useful for successful integration into personal, social and professional life.
- -Development of human resources in the Department of Sociology by promoting competent teaching and research staff and by attracting young people willing to develop in the educational/academic sector.

According to <u>University Charter</u> (Article 5), the **general mission of UVT is advanced scientific research** and education, generating and transferring knowledge to society through:

a) scientific research, development, innovation and technology transfer, through individual and collective creation, in the fields of science, engineering, literature and the arts, by ensuring physical and sports performance and development, and the exploitation and dissemination of their results;

b) initial and continuing training at university level, with a view to personal development, the professional integration of the individual and meeting the skills needs of the socio-economic environment.

UVT assumes its mission as a catalyst for the development of Romanian society by creating an innovative and participatory environment for scientific research, learning, cultural-artistic creation and sports performance, transferring skills and knowledge to the community through the education, research and consultancy services it offers to partners in the economic and socio-cultural environment.

The realisation of the UVT mission is concretised in (Article 6 of the UVT Charter):

- promoting scientific research, literary and artistic creation and sporting performance;
- initial and continuous training of qualified and highly qualified human resources;
- development of critical thinking and creative potential of members of the university community;
- creating, storing and spreading the values of human culture and civilisation;
- promoting multicultural, multilingual and interfaith interference;
- the affirmation of Romanian culture and science in the world circuit of values;
- the development of Romanian society within the framework of a free and democratic state governed by the rule of law.

³ The mission and objectives of the degree programme are in line with the mission of the West University of Timisoara and the requirements identified on the labour market.

2. Competences and expected learning outcomes formed in the study programme

A. COMPETENCES⁴

Key competences⁵:

- CC1. Science competences;

¹⁰ *Skill* is the ability to apply and use knowledge to accomplish tasks and solve problems. Skills are described as cognitive (involving the use of logical, intuitive and creative thinking) or practical (involving manual dexterity and the use of methods, materials, tools and instruments). Skills are expressed by the following descriptors: application, transfer and problem solving, critical and constructive reflection, creativity and innovation.

¹¹ Responsibility and autonomy means the learner's ability to apply his/her knowledge and skills autonomously and responsibly.

4. Providing flexible learning pathways within the study programme

Flexibility of the study program is achieved through elective subjects, optional subjects and complementary subjects.

Elective subjects are offered for semesters 3 - 6 and are grouped into optional packages, which complete the student's specialisation pathway. The choice of the pathway is made by the student before the start of the academic year of which the semester or package of optional subjects forms part.

In year 2 (semesters 3 and 4) two packages of elective subjects are proposed: (1) Concepts of recruitment and selection and job satisfaction and staff flows and (2) Sociology of social development and group activation techniques. Students will choose one subject from each package.

In year 3 (semesters 5 and 6) eight elective subject packages are offered: (1) Job Analysis and Job File Design and Gender and Labour Market, (2) European Human Resource Policies and Public Administration, (3) Organizational Development and Human Resource Training, (4) Labour Protection and Work-Life Balance, (5) Concepts of Employee Performance Evaluation and Ergonomics and Health Promotion, (6) Entrepreneurship and Professional Ethics, (7) Concepts of Labour Law and Organizational Culture, and (8) Firm Management and Evaluation in Human Resource Management.

From each package, students will choose one subject to be included in the 3rd year study contract.

Optional subjects are offered for semesters 1-6 by the department or faculty managing the programme, but may also be chosen from the packages offered by other faculties.

At the West University of Timisoara, all the curricula of the undergraduate degree programmes have a compulsory **complementary subject that generates transversal competences**, in each of the 3rd, 4th and 5th semesters, which students choose from an annual offer of more than 160 subjects from different fields than the one in which they study (the offer of complementary subjects that generate transversal competences for students of the undergraduate degree programmes at UVT can be consulted on the platform www.dct.uvt.ro). Also, all the curricula of the undergraduate degree programmes contain the four-semester *Physical Education* subject as a compulsory subject, with students having the possibility to opt for a wide range of sports subjects each semester.

In accordance with the provisions of the Regulation on the development of curricula for study programmes at the West University of Timisoara, in order for students to receive **credits for volunteering activities** based on the provisions of the National Education Law no. 1/2011, as amended (Article 203, paragraph (9)), the subject of Volunteering is available every semester in the curricula of all undergraduate and master's degree programmes, with the status of optional subject, with a number of 2 ECTS credits.

5. Professional activity and student assessment

Email address: secretariat@e-uvt.ro
Website: www.uvt.ro

The rights, obligations and conditions for the professional activity of students at the West University of Timisoara are regulated by the *Code of Students' Rights and Obligations and the Regulation on the professional activity of students in undergraduate and master's degree courses at the* West University of Timisoara, approved by the Senate of the West University of Timisoara.

The form and methods of assessment/examination for each subject in the curriculum are set out in the subject descriptions.

6. Final examination

In accordance with the *Regulation on the organization and conduct of the Bachelor and Master degree examinations at the West University of Timisoara*, approved by the UVT Senate, the Bachelor degree examination consists of two parts:

- test 1 assessing basic and specialist knowledge: 5 credits;
- test 2 of elaboration and presentation of the results of the bachelor thesis: **5 credits**.

The topics and bibliography corresponding to the final exams are published on the faculty website and on the UVT website before the beginning of each academic year.

Registration for the final examination is subject to the student's choice of the subject of the final thesis within 60 days of the beginning of the academic year of the final year of study.

The period for preparing the bachelor's project begins with the penultimate semester of studies. The final version of the bachelor's project is completed in the last semester of studies.

Submission of the final version of the final paper on the e-learning platform must be done at least 5 working days before the scheduled starting date of the exam.

Each graduation thesis will be accompanied, at the time of submission, by the *Similarity Report* resulting from the verification of the originality of the graduation thesis through a specialized software on the UVT e-learning platform.

According to the structure of the academic year, at UVT the final exams for the completion of the university studies can be organized in 3 sessions, usually in July, September and February.

7. Preparation for the teaching profession

Students wishing to opt for a teaching career in pre-university education must also complete the *Psycho-pedagogical Training Programme* (complementary to the present study programme) in *order to certify their competences for the teaching profession* and obtain the Certificate of Completion of this programme. In the West University of Timisoara this program is organized through the Department for the Preparation of Teaching Staff (DPPD) and can be followed in parallel with university studies or in a postgraduate regime.
